

HST-DJ2000 Flattening shearing forging testing machine

Picture is for reference only

2000KN three-station Flattening shearing forging testing machine is hydraulic loading, electrical control. It is used to test the performance of metal to withstand a specified degree of top forging deformation at room temperature and to show its defects. Meet GB/T233-2000 metal material top forging test method. It is mainly used in the top forging test of metal materials in iron and steel enterprises, standard parts production enterprises, tool production enterprises, to test the ability of metal to withstand the plastic deformation of top forging under the specified forging ratio and to show the surface characteristics of metal.

Specification:

Specification	HST-DJ1000	HST-DJ1500	HST-DJ2000	HST-DJ3000
Capacity(kN)	1000	1500	2000	3000
Max.shearing force(kN)	500		1000	
Max.flattening speed(mm/s)	20		40	
Flattening period				
Size of specimen (flattening)	Customized			
Diameter of specimen	φ5.5-20		φ5.5-32	φ10-40
Power (kW)	3		4	

Why choose us!

19 YEARS

Professional focused on testing equipment

HST is established in 2003, owns more than 8000 square meters factory. has a professional sales teams, modern enterprise technology center, scientific and technological research and development team.

Machines passed the European CE authentication, American FDA certificate and ISO 9001.

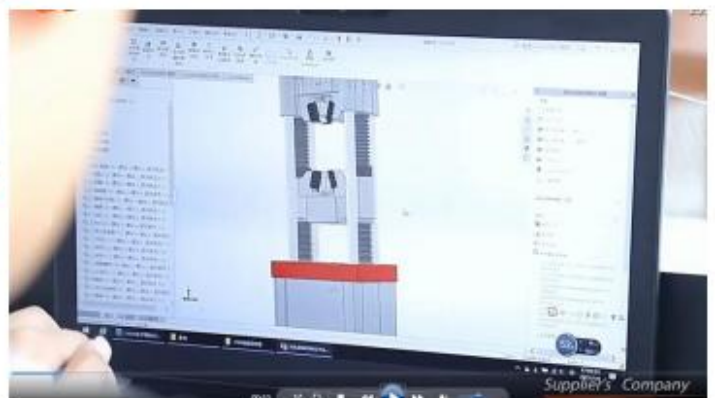

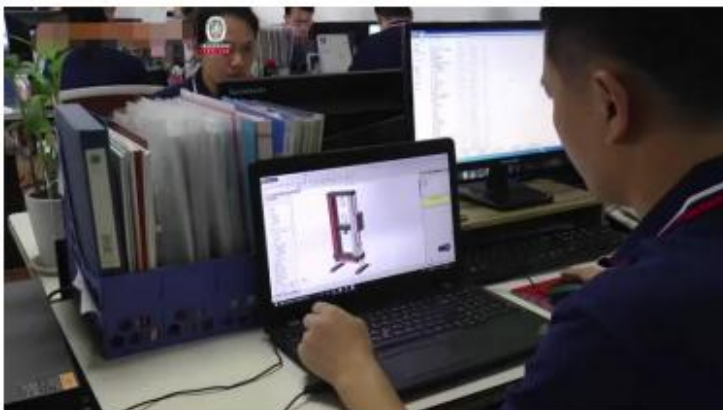

Products sold to USA, Canada, Australia, Europe, Africa etc, more than 130 countries and supply OEM service for many customers

FACTORY AND TEAM

We have a modern enterprise technology center, sales team and scientific and technological research and development team. For your standard test needs, our sales team will listen to your test objectives, analyze your situation and translate your desires to affordable test solutions.

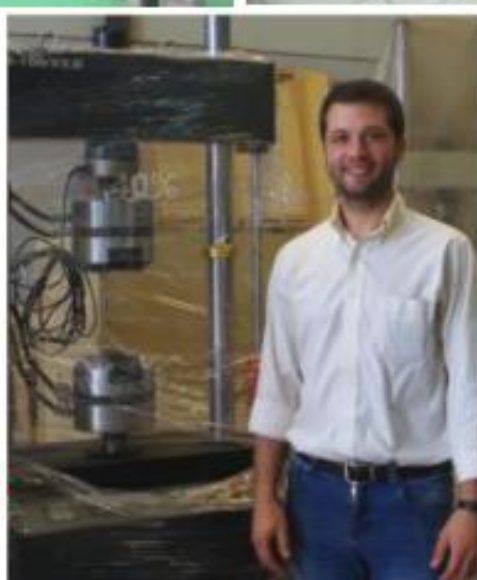

Research and development department

Why choose us!

Products are sold to USA, Canada, Australia, Europe, South east Asia, Africa etc, more than 130 countries

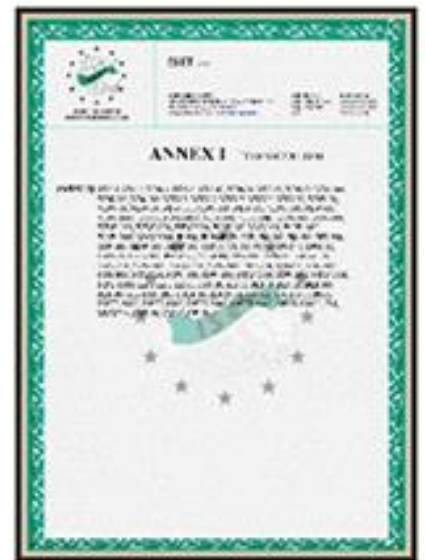

This good product, finishing its good

Our Certificate

Machine passed the European CE authentication, American FDA certificate and and ISO 9001
